

Dear Friends,

For the past 3 years, our awesome God has blessed the Cumberland County mission team in repairing homes for those who cannot afford the work, or are not able to do the work themselves. ER Ministries began when God provided the means for the mission team to stay in Cumberland County, serving those in need right here at home. Both youth and adults have been involved in roofing, painting, rebuilding bathrooms, building wheelchair ramps, and other types of repair.

This year we will again be using our talents and resources doing home repair here in Cumberland County. We know there are families that still need to be served, and we also know there are willing hands and hearts in this county that God can use to touch lives through this Ministry.

We are planning for 2010. We need lots of help to pray, plan, sponsor, fund raise, recruit experienced or skilled helpers, youth, adults, food, supplies, tools, and the list goes on.

We pray you will partner with us in this effort. Donations of building or food supplies or money to purchase these supplies can greatly enhance the scope of our community wide efforts. Please join the Cumberland County ER Mission Team by donating time, funds or supplies to improve the homes and lives of some of our Cumberland County neighbors.

Monetary donations can be mailed to our Treasurer:

Allen Sewell
P.O. BOX 915
Burkesville, KY 42717
